

SCISSORS CATALOGUE 2011

FISKARS®

OVER 360 YEARS OF FUNCTIONAL DESIGN

Fiskars® is a leading brand that provides functional, user-friendly and lasting design solutions for hand tools and beyond.

Fiskars® products combine inspirational design with a drive to get the 'job done in the most effortless and intuitive way.

Established in 1649, Fiskars® is the oldest company in Finland. The business has worked with tools, cutting and steel-forging ever since it first started operating over 360 years ago.

Fiskars® has been manufacturing scissors since the nineteenth century. However, with updated production technology it launched the world's first plastic-handled scissors in 1967.

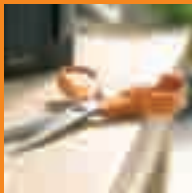

Since then, more than 1 billion pieces of these orange scissors have sold worldwide and their iconic status has resulted in the Fiskars® orange being synonymous with quality scissors across the world.

Fiskars® is the world's No.1 scissor brand.

NEW FOR 2011

Our commitment to innovation continues with the introduction of these new exciting scissor solutions.

Moomin

The Moomin family comes to Fiskars®. New technology means colours and patterns are actually in the handle material.

CLASSIC SCISSORS

A Design Classic

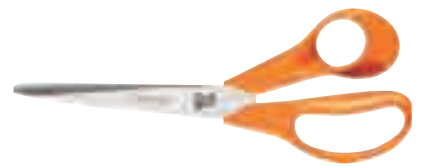

Our orange handled scissors are design classics that have been popular for more than four decades. The range consists of a wide selection of scissors featuring blades made of high-quality nickel-free

the force you exert being applied evenly. This ensures good comfort and helps prevent hand fatigue. To make sure the joints are both durable and hygienic, the handles are injection-moulded directly into the blades.

- The unique, patented handle design of Fiskars® scissors makes them very ergonomic and comfortable, even during prolonged use.
- They are made in Finland from only the highest quality stainless steel (HRC 57).
- Made with non-toxic materials (cadmium free PBT plastic).
- Injection-moulded onto the blades to ensure a hygienic joint between the blades and the handle.
- All of these scissors are dishwasher proof and shock resistant.
- Orange handled scissors can be sterilised in an autoclave up to 137°C except 859445.
- The handles are made of impact-resistant plastics.
- Blade tension can easily be adjusted with the screw, enabling simple cleaning as well.

GENERAL PURPOSE

859853

GENERAL PURPOSE

21cm

- Sharp blades maintain maximum cutting performance
- Specially contoured handles provide excellent control and maximum comfort
- Patented adjustable pivot screw to modify blade tension
- Cuts paper / laminated materials

DID YOU KNOW?

The orange handles were only created by chance when a machinist decided to use the remaining orange dye he had left in his machine when producing the prototypes. Everyone liked it so much, they have remained orange ever since.

Softgrip® SCISSORS

SPECIAL EDITION: MOOMIN

MOOMIN

The dearly beloved Moomin family has jumped to Fiskars® scissors bringing warmth and joy to both kids and adults alike. Moominmamma, Moominpappa, Moomintroll, Snorkmaiden and Little My scissors have been produced with a new technology which brings the pattern and colours into the handle material, not only the surface. With the help of this new innovation Fiskars® has produced high quality pictures with deep and appealing colour tones that last even heavy use.

These scissors share the same premium quality with other Fiskars® scissors including blades for high quality cutting and ergonomic handles.
